MEMORANDUM FOR: D/DCI/IC

SUBJECT : Some Notes on Training Commands, Intelligence Support, etc.

25X1 1. The other day, [ ] spoke to me of a  
25X1 [ ] USA, who is now in [ ] was  
25X1 formerly [ ]  
25X1 [ ] For a number of years,  
25X1 [ ] has been concerned about the quality and scope  
25X1 of instruction given at the various Army training commands.  
25X1 According to [ ] has developed some expertise  
25X1 on this matter and has some definite views on what is right  
25X1 and wrong and what needs to be done. I have subsequently  
25X1 spoken to [ ] and I share [ ] view that you might  
25X1 find it interesting to talk to him. If you agree, I will  
25X1 arrange for [ ] to come out for a 30-minute or so  
chat. He leaves for [ ] If your  
schedule permits, I will try to have him out before that  
date.

2. Your letter to General Graham regarding support for the Infantry School at Fort Benning, arrived at DIA and a reply is in progress. I have no inkling, as yet, as to what will be said. Your letter did not go to DIA/DE [ ] for action. It probably went to someone in [ ] Ground Forces Section.

25X1 3. I've been in contact with a Maj. Liberti of General Tarpley's staff. The General is most appreciative of your letter and efforts and will write to you soon. Liberti inquired about further developments at this end and I told him we were awaiting a reply from General Graham. I just wanted to inform you that with [ ] (DIA), Maj. Liberti (USAIS), and myself; the staff-officer-level "net" has been established for this effort.
